CAREER OBJECTIVE

I am a passionate programmer and AI enthusiastic. I demonstrate myself as a quick learner while working on multiple platforms. I am pretty much efficient at teamwork and I bring with me, my strong passion for technology, and strong learning capability and I always focus on the continuous improvement of my skills.

EDUCATION

B.Sc in CSE, Ahasanullah University Of Science & Technology ✕

Apr 2018 – Jan 2023

Cumulative GPA: 3.25 (3.62 in last 3 semester)

Higher Secondary Certificate, Police Smrity College

2015 – 2017

GPA: 5.0

Secondary School Certificate, Rotary High School

2013 – 2015

GPA: 5.0

SKILLS

Programming Language

C/C++, Java, C#, Python, Javascript

Frontend

HTML, CSS, JavaScript

Database

MySQL, Oracle, FireBase, MSSql

ML Libraries

Pandas, NumPy, Matplotlib, Tensorflow, Pytorch

Developer Tools

Git, VS Code, Visual Studio, Google Colab, Netbeans, Codeblocks, MATLAB, Android Studio.

PROJECTS

Bengali Image Caption Generator ✕

Tools Used : Google Colab, Python, Tensorflow.

Twitter Sentiment Analysis ✕

Tools Used : Python And Data Analysis Libraries (Google Colab, Python, Numpy, Pandas, Matplotlib, Scikit Learn).

Book Browser App, Android App ✕

Tools Used : Android Studio, Java, Firebase, XML.

Restaurant Management System, Desktop Application ✕

Tools Used : Java, MSSql, Netbeans.

GameShohore, Website ✕

Tools Used : HTML, CSS, JavaScript, PHP, MySQL, VS Code.

FeetUp, Website ✕

Tools Used : Visual Studio 2020, HTML, CSS, JavaScript, MVC, ASP.NET, C#.

ACHIEVEMENTS

12th place on Intra Aust Programming Contest Spring - 2018

10th Place On Intra Aust Programming Contest Fall - 2018

10th Place On Intra Aust Programming Contest Spring - 2019

Participation On Intra Aust Prohramming Contest Fall - 2020

RESEARCH

Bengali Image Captioning Using Deep Learning (Currently Working)

Different deep learning techniques are used to generate proper bengali caption of a image.

PROBLEM SOLVING

I have solved more than 400 problems on different online judges.
